Online Safety TikTok is a free social media platform that lets you create, share and watch short clips. The app is popular for viral dances and celebrity cameos and is a creative and fun platform for teens to enjoy. The minimum age for having a TikTok account is 13 according to TikTok's terms and conditions. Many parents have expressed concerns about the inappropriate language and content of some of the videos posted which is what makes this app unsuitable for younger children. There is also the worry that predators, seeking to connect with children, can contact users of TikTok quite easily if you have not set up the correct privacy and security settings - see privacy and security settings to limit this contact. Stranger Danger Following a report this week that a suspicious looking lady was seen waiting around Tucker's Meadow after school, please remind your children about keeping themselves safe and how to assess whether a stranger is safe or potentially dangerous. You can find some useful resources to help you with this conversation on our website under the parents tab.

Congratulations to Eliot Waterhouse and Mena Akpoarebe for both being awarded swimming certificates this week. Eliot has received his STAnley level 3 award and Mena has achieved her STAnley level 5. Well done to both of you for the great effort you have put into your swimming and for continuing to work so hard on developing this incredibly important skill for life. Keep up the good work.

I hope you all have a lovely weekend.
