

Jubilee Family Picnic

In order to celebrate the Queen's Jubilee, we are planning to hold a family picnic on the field from 2:30pm-3:30pm on Friday 27th May.

All families are welcome to join their children for a picnic and a few games for an hour. You will need to bring your own snacks/picnics but we will have some refreshments (drinks, cakes and ice poles) available to buy in the playground.

Dear Parents and Carers,

Ofsted Report I'm very pleased to say that I can now share our Ofsted report with you. We are all very proud that Ofsted recognised that Landscape continues to be a 'Good' school. As I am sure you will agree, the report is a validation of the hard work and dedication shown by every member of staff, pupil, parent and governor at Landscape. We are particularly proud that Ofsted reported:

- Pupils enjoy their time at this school. They feel well looked after and appreciate the care and support staff provide.
- Pupils are polite and well mannered. They behave well in lessons and have positive attitudes to learning.
- Leaders have created a strong culture of safeguarding.
- The school promotes a love of reading.
- Leaders are determined that each pupil in the school will succeed. They are committed to providing high-quality education to support pupils' social and emotional needs.
- Leaders and staff carefully identify pupils' individual needs. They support pupils with special educational needs and/or disabilities to access the full curriculum and to benefit from specific interventions.
- Pupils benefit from a broad and ambitious curriculum. This helps them to become confident and successful learners.

SATs Well done to all of our year six pupils who have been taking their KS2 SATs this week. The children have been brilliant, putting their best effort into each one of the tests and showing what great stamina they all have. We are so proud of them all.

Our year 2 children are also undertaking their KS1 SATs this term and many will be completing test papers in the last week of this half term. We aim to make these as informal as possible so that the children do not feel any pressure or stress.

Bikeability Our year 5 children will be doing 'Bikeability' next week. The course begins on Monday and runs all through next week so we will have a number of bicycles arriving and leaving school each day. Please be extra vigilant when driving to and from school.

School Census Day Thursday 19th May Next Thursday is this term's Census day when we have to report our numbers to the DFE. These numbers are then used to determine our funding for the following year. It really helps us if we have a large number of children having a school meal on that day so I would really appreciate it if you could encourage your child to have a school meal next Thursday. The children may also bring their packed lunch if they want to but will still be able to take a school meal and try it (particularly in KS1).

Change of Menu The menu will change slightly next week as we will be swapping Wednesday and Thursday around. We will be serving the roast on Wednesday and Pizza on Thursday.

New Guinea Pigs We would like to say a huge thank you to Imogen Leyman and her family for purchasing two new guinea pigs for the school. Maple and Chocolate joined our wonderful group of animals at Landscape at Easter and have settled in really well.

Please feel free to come in and browse the books. You will have the option to either purchase the books in school or put an order in online.
