

Science – Curriculum Maps

Age phase: KS1

Year: A

Theme	Finding Fossils	Amazing Authors	Global Comparison - Australia	The Great Fire of ...	Let's Grow	Farming – County Show
Science heading	Animals inc Humans		Seasonal Changes		Plants (Vermiculite)	Living Things and their habitats
NC Objectives	<p>Pupils should be taught to: identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals;</p> <p>identify and name a variety of common animals that are carnivores, herbivores and omnivores</p> <p>describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets);</p> <p>identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.</p>		<p>Pupils should be taught to:</p> <p>observe changes across the four seasons;</p> <p>observe and describe weather associated with the seasons and how day length varies.</p>		<p>Pupils should be taught to: identify and name a variety of common wild and garden plants, including deciduous and evergreen trees;</p> <p>identify and describe the basic structure of a variety of common flowering plants, including trees.</p>	<p>Pupils should be taught to: explore and compare the differences between things that are living, dead, and things that have never been alive;</p> <p>identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other;</p> <p>identify and name a variety of plants and animals in their habitats, including microhabitats;</p> <p>describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food</p>

Age phase: KS1

Year: B

Theme	Local Landscapes – Our School	Brilliant Buildings	Dare to Dream - Transport	Climate Heroes – Reduce, Reuse, Recycle	Healthy Me	Pirates
Science Heading	Everyday materials	Use of everyday materials		Plants	Animals inc Humans	
NC Objectives	<p>Pupils should be taught to: distinguish between an object and the material from which it is made;</p> <p>identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock;</p> <p>describe the simple physical properties of a variety of everyday materials;</p> <p>compare and group together a variety of everyday materials on the basis of their simple physical properties.</p>	<p>Pupils should be taught to: identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses;</p> <p>find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.</p>		<p>Pupils should be taught to: observe and describe how seeds and bulbs grow into mature plants;</p> <p>find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.</p>	<p>Pupils should be taught to: notice that animals, including humans, have offspring which grow into adults;</p> <p>find out about and describe the basic needs of animals, including humans, for survival (water, food and air);</p> <p>describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene</p>
