

Begin by looking at the panel to the left of the screen and select  to listen to the alphabet song. When finished, close it down.

Now navigate to the tabs above the screen and go through them in order.

1. Click on the **'Sounds tab'** to watch a short video introducing the sound.
2. Click on the **'Reading tab'** to practise blending words that have the sound in them for reading. Use the blue arrow to move to the next word.
3. The **'Spelling tab'** will give you the choice of pictures to see or words to listen to then spell- at school we do both. You can drag the magnetic letters into the boxes to spell the words. At school we write the words in our phonics books.
4. The **'Writing tab'** shows how form the letter(s) that represent the sound. The children will need to practise with pens and paper.
5. At school we **'Follow up'** with Bug club games. You can access the games in your folder..
